

NIS Vision:

NIS envisions a school community devoted to developing the skills, attitudes, and values that allow students to realize their full potential, lead lives of purpose, and become responsible, global citizens.

Critical Issue 1:

Ensure that the academic & co-curricular programs are of high quality and support the needs of our students.

(Improving quality & shifting demographics)

Critical Issue 2:

Develop plans to accommodate increased enrollment and facility expansion.

(Cope with expansion & funding growth)

Critical Issue 3:

Ensure appropriate board and administrative leadership, particularly through change.

(Maintaining leadership)
